

Hawaii Cattlemen's Council, Inc.

WORKING FOR RANCHERS IN HAWAII SINCE 1959

Consistent with the mission of the NCBA, HCC's goal is to provide every cattle producer in the state the best opportunity to be both sustainable and profitable. We also believe in grass-roots leadership where every producer's voice is important in establishing policies and direction for our industry both locally and nationally.

While we have always respected and valued the individuality and independence of our fellow producers, we also understand the added effectiveness and strength that comes from working together, sharing information and technology, speaking with one voice in public forums, and ever more so to move and market our product cooperatively with our fellow ranchers.

Working **TOGETHER**
WITH YOU, our
members, HCC and its
collaborative partners will
SPEAK WITH ONE
VOICE *to* **PRESERVE**
OUR PANIOLO
CULTURE *and provide*
for a **SUSTAINABLE**
FUTURE FOR THE
NEXT GENERATIONS.

HOW WE'RE WORKING FOR YOU

- Successfully prevented the former Federal WOTUS rule from being implemented in Hawaii by the state legislature
- Successfully advocated for a Capital Improvement Project (CIP) through the state legislature for a set of design plans for a scalable slaughterhouse.
- Leading the effort to shift the ag land leases from the Hawaii Department of Land and Natural Resources to the Hawaii Department of Agriculture as required under Act 90 with the first major pasture lease being transferred after 17 years.
- Worked to oppose school lunch requirements to serve plant-based lunches and instead successfully supported requirements for locally sourced meals.
- Worked on the forefront of the Two-lined Spittlebug, engaging HDOA and CTAHR Cooperative Extension to develop control protocols and currently working to help secure funding from county and state sources through state and national legislation.
